WORKING EXPERIENCES

2020 - Now

He works as Technical Director at ECM - A young & wild Ecommerce Company.

Using Shopify & JavaScript to bring happiness, joyful, good enough shopping experiences to over 110K Customers in US.

Since 2013

He worked for many companies in wide range of business domains including Ecommerce, Agency, Marketing, Accounting and Business Management, SAAS.

He used bunch of tech-stacks, read and written many languages from JavaScript, PHP, Go, C#, and deep into Assembly without fear.

GOOD MOMENTS IN LIFE

- 61% increased in online-store's conversion rate in one month.
- 99% customer satisfaction since 2020.
- Made ECM's fulfillment tasks less human mistakes by provided automation system.
