WORKING EXPERIENCES

2020 - Now

He is a Technical Director at ECM - A young & wild e-commerce company.

He uses Shopify & JavaScript to bring happiness, joy, and good enough shopping experiences to over 110K Customers in the US.

Since 2013

He worked for many companies in various business domains, including e-commerce, Agency, Marketing, Accounting and Business Management, SAAS.

He used a bunch of tech stacks, read and wrote many languages from JavaScript, PHP, Go, C#, and deep into Assembly without fear.

GOOD MOMENTS IN LIFE

- 61% increase in the online store's conversion rate in one month.
- 99% customer satisfaction since 2020.
- Made ECM's fulfillment tasks less human mistakes by providing an automation system.
